Council members had in hand the furnishing and arranging of the welfare hut at the camp and at its dedication and other entertainments that followed, it was their pleasure to furnish the refreshments. A number of dances were also given for the soldiers, under the council's auspices.

A lawn party which netted the handsome sum of \$136, was one of the first endeavors of the season last summer, and the money was turned over, in full, toward the Jewish War Relief. A huge box of clothing was sent to the immigrant aid station at Ellis Island, and the council has earned through this deed, the gratitude of hundreds of poor immigrants detained there, who could neither be permitted into the state, nor sent back, and whose clothes were worn to the last thread. A fine number of layettes and other new garments were also sent to the Belgian relief.

The council has made the kindergarten of the Sunday school its very own, and the joyful attendance of some twenty-five happy little tots in a room decorated to suit the name, fully justify the efforts and money expended. Means are provided to take the children back and forth in automobiles—there is a piano and healthy happy surroundings, and no means are spared to make a success of this branch of the council's work. The money needed for this one special purpose was secured by a cake sale, held near Christmas time, when more than \$75 was secured. There exists also a "memorial fund," the proceeds of which go toward philanthropic work in its entirety. Instead of flowers, friends of a bereaved family send

money to this committee, the chairman of which sends a note of condolence to the mourners, in the name of the donor; happy occasions are also commemorated in this fashion.

The council furnished the financial means for the adoption of one month, of a baby, seeing to it that it had sanitary food and surroundings, and a promise was made to continue to support this most laudable work. Several layettes were also given the child's welfare board of the Evangelia Home.

The council also owns, published and edited, a cook book of great excellence and the sale of this book has been a source of considerable income. Plans are now under way for a second edition, enlarged and corrected. As the final work of the season all members pledged themselves to "earn" \$3 and over, all of which shall be expended for charitable purposes. The amount actually brought in far exceeds expectations, most of them bringing over \$10 which they had "earned" in a variety of ways, and as the council boasts of more than seventy members, the sum is a very ap-  
The coming council year promises to be equally successful, as post-war work will open new fields for willing hands and minds. Mrs. I. Friedlander is the new president, surrounded by a strong corps of officers and an exceptionally fine board of directors.
